

BRINGING A BETTER TOMORROW THROUGH HOPE & HEALING

LIFTING EACH OTHER UP

2023
ANNUAL REPORT

NEW DARLINGTON RACEWAY AND NASCAR LICENSE PLATE NOW AVAILABLE FOR SOUTH CAROLINA DRIVERS!

Rev up your engines, South Carolina! We have thrilling news for all racing enthusiasts and supporters of a great cause. The much-anticipated release of the brand-new Darlington Raceway and NASCAR license plate is here, ready to adorn the vehicles of licensed drivers across the state.

This limited-edition license plate will showcase your love for the high-speed world of NASCAR and the iconic Darlington Raceway and contribute to an important cause. With each purchase of the new license plate, funds will be directed towards Donate Life South Carolina, which is mandated by the governor to maintain the organ, eye, and tissue donor registry for state residents.

Remember, every mile driven with this license plate is a mile driven in support of those awaiting life-saving transplants. Get yours today and be part of the drive for a brighter future!

MANAGEMENT REPORT

NATIONAL DONATE LIFE MONTH

**MILESTONES AND HIGHLIGHTS
OF THE 2023 PROGRAM**

OUR VISION

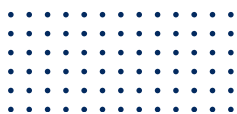

is to work collaborately with partnerships in this state and the nation so that all individuals who are in need of a transplant receives one.

MISSION

is to promote organ and tissue donation for transplantation and provide patient assistance for South Carolina recipients. Donate Life South Carolina established and maintains the South Carolina Organ, Eye and Tissue Registry.

MESSAGE FROM THE EXECUTIVE DIRECTOR

As we reflect on the past year, I am filled with immense pride and gratitude for our strides in educating communities across South Carolina about the life-saving and life-enhancing power of organ, eye, and tissue donation. Our mission at Donate Life South Carolina has always been to bring the message of *Lifting Each Other Up* to every corner of our state, and in 2023, we made significant progress in doing just that.

During April, National Donate Life Month, we partnered with the local SCDMV offices of the Upstate, Midlands, Low Country, and Pee Dee regions, spreading awareness and encouraging individuals to register as donors. The impact of our work during this critical month was felt through the stories of those who have received a second chance at life and spoke at the Donate Life South Carolina Legislative luncheon. Looking forward to 2024, we're excited for the Transplant Games of America in Birmingham, AL, where TEAMSC will bring home the GOLD!

On a personal note, this year holds a special significance for me. I was honored to recognize my daughter, Breanna Dalmolin, a distinguished Certified Registered Nurse at Greenville Memorial Hospital.

We celebrated the invaluable contributions of doctors and health professionals, where Breanna's dedication and compassion shone brightly, embodying the spirit of hope and healing that we both strive to promote.

In closing, I extend my deepest thanks to all who have partnered to support this agency selflessly by giving of their time, talent, and resources. Your tireless efforts and unwavering commitment make a profound difference in the lives of so many. I want to acknowledge all the love and compassion one can give to all donors and donor families who have said "yes" to donation for their altruistic gift. Together, we will continue to inspire hope, provide healing, and make a lasting impact on the lives of countless individuals and families across South Carolina.

🎉 Celebrating 30 Years of Life and Hope! 🎉
Join us in honoring the remarkable journey of Michael Marinelli, a beacon of strength and inspiration. Thirty years ago, he underwent a life-saving lung transplant that defied the odds and highlighted the incredible progress in medical science. Surviving not one but two lung transplants over three decades is a testament to the resilience of the human spirit and the advancements in healthcare transplant technology.

Joey Gase said
Yes
to Organ, Eye and Tissue Donation

A long-time advocate of organ donation, NASCAR driver Joey Gase has been a passionate spokesperson for saving lives since his mother, Mary, died of a sudden brain aneurysm in 2011. Joey's decision to donate her organs, eyes and tissues, ultimately helped save and improve the lives of 66 different individuals in desperate need of a transplant. Expressing his connection to donation, Joey said, "I have seen first-hand the good it can do for the donor family, the transplant recipient and their family. Therefore, I want to do whatever I can to help raise awareness for donation and honor all of those affected by it."

NASCAR driver and champion for #DonateLife, Joey Gase, will drive #35 Emerling-Gase Motorsports at the Darlington raceway. Donate Life South Carolina is a proud sponsor of Joey Gase in this year's 2022 Spire Clips Haircuts VWV Help a Hero 200.

As team supporters of Joey Gase and "Emerling-Gase Motorsports," we encourage you to register today at your local SCDMV office, DonateLifeSC.org, or on your iPhone Medical Health App.

Rylan and Landon Ellenberg

Rylan and Landon, part of a set of triplets, made the most selfless and compassionate decision one can make. They said "YES", leaving behind legacies that will impact generations to come. They were 17-year-old best friends, book-reading and anime-watching homebodies, and the biggest "people" people you could meet. Landon was on the route to becoming his class salutatorian or valedictorian, dreaming of becoming a history teacher. Rylan had a passion for working out and carried his sense of humor wherever he went. To know Landon was to know kindness and peace. To know Rylan was to know honesty and virtue. "We couldn't have imagined having better sons." Mark and Thea, the brothers' parents remember the car accident as if it happened yesterday.

Their family was traveling together one night on their way to South Carolina for a family trip in March 2020. The crash, which took the lives of Rylan and Landon, etched the most painful and unforgettable memory into the hearts of their parents, triplet sister Roma and older sister Sienna.

While they feel the loss of their boys every waking minute and tears continue to roll down their faces, Rylan and Landon's family members keep their memories alive and honor the boys by spreading rocks in all the places they travel. Today, sharing stories about their legacies and allowing people to learn more about whom they were, giving and generous individuals, is what Rylan and Landon's family, friends, and community strive to do. Rylan's decision of "YES" saved the lives of five people and enhanced dozens of others through tissue donation. Although Landon was unable to give in that same capacity, his brave choice to leave that legacy of intent in saying "YES" is being admired during the 2023 Donate Life Rose Parade.
